

## 8PORT, 10" PATCH PANEL

P/N: MP08-180-400X120MM

SuperiorOrtec 8Port 10" Patch Panel should be used to terminate the cabling from each of the RJ45 outlets around the home, enabling different services to be routed to any outlet.

Provide exceptional performance for high speed LANs including Gigabit Ethernet applications in an easy to use format. The 12 way panels consist of industry standard high quality RJ45 jacks, and they utilize the specially designed individually labelled cable saddle to facilitate easy installation and cable management.
